THE GILMORE TRIAL

CASE WILL COME UP FOR TRIAL ABOUT FEBRUARY 10.

DATE IS NOT DEFINITE

Judge Dawson to Hold Term of Court at Grant City February 19 — Trial Will Be Before That Time.

The murder case of Mrs. Clemma Gilmore will be tried before Judge Dawson the fore part of February, but the definite date for the commencement of the trial was not set at this morning's session of circuit court. Judge Dawson will hold a term of circuit court at Grant City beginning February 19, and the case will be tried before that time. It will probably commence about February 10.

Mrs. Gilmore is charged with killing Mrs. Ella Shipps last August. She has been a prisoner at the county jail since that time.

William Linville on a charge of gaming was fined $25 and given a sentence of ninety days in jail in court this morning. For good cause shown Linville was paroled as to the jail sentence.

The cases against Rufus Palmer, on charges of selling liquor to minors, and gaming, were continued until the next term of court by agreement.

MISS HERWICK TO DECATUR

Young Business Woman of Maryville Leaves For New Position In Hospital.

Miss Mary Herwick who has been employed for several years at Reuillard's, leaves Sunday evening for Decatur, Ill., where she has accepted a position in a hospital.

The hospital is under the direction of the same sisterhood by which St. Francis hospital in this city is operated. Miss Herwick will go into active employment in the hospital and will later take a nurse's training.

Miss Herwick is one of the best liked young business women in the city, and during her service at Reuillard's her quick ability and genial manners have drawn to her a great many friends whose good wishes will travel with her to Decatur.

CLAYPOOL TO ST. JOSEPH

Commercial Club Secretary to Attend Meeting of National Credit Men's Association.

E. M. Claypool, secretary of the Commercial Club, left this morning for St. Joseph, where he will attend a meeting of the affiliated state organization of the National Credit Men's Association, of which he is a member. Mr. Claypool is particularly interested in the problems of credit rating, and hopes to bring home many ideas for the upbuilding of this department in connection with the Commercial Club.

GRAND JURY MAKES REPORT

Indictments Brought In to Judge J. M. Dawson Today — Conditions Good in County, Report.

The grand jury reportd this afternoon and brought in ten "true bills" for violations of the law. No information was given out about how many of them were for violations of the local option or gaming laws.

The jury brought in the indictments about 3 o'clock this afternoon to Judge Dawson. The jurors left soon after for their homes.

One member of the jury said that conditions were very good over the county and that every effort was exerted to find out infractions of the law. Many witnessess were examined from every section of the county.

The grand jury visited the county farm late yesterday afternoon and inspected the county jail this morning. The rest room was visited by the jurors this afternoon. No report of any changes or recommendations to these places were made by the jury.

The jury was composed of men of the highest character and it speaks well for Nodaway county when only a few "true bills" were returned after five days were spent in investigating the conditions over the county. The jury was composed of E. C. Curfman and H. W. Hull of Maryville; George P. Shoptaugh of Elmo; James Pistole of Hopkins; Howard Garrett of Clearmont; James LaFavor of Parnell; Dr. E. W. Bishop of Ravenwood; C. G. McMillan of Pickering; J. O. Miller of Skidmore; Nick Schmidt of Graham; M. C. Noland of Guilford; J. E. Akey of Barnard.

KINMAN WILL FILED

After Making Special Bequests Residue of Estate Is Left to Four Sons and Two Daughters.

Charles H. Kinman of Elmo, a son of George K. Kinman, who died at his home in Elmo December 28, 1916, was appointed executor of his father's will which was filed in the probate court today.

Mr. Kinman left his wife $25, his four sons, William F., Robert D., John R. and Charles H., $5 each and his two daughters, Mrs. Marie C. Brady and Mrs. Ottus McCurdy, $1,000 each. The rest of the estate, both real and personal is to be divided among the four sons and two daughters.

The will is dated July 22, 1913, and was witnessed by George P. Shoptaugh and George M. Walton.

Mrs. Tilson Ill.

Mrs. W. R. Tilson is ill at her home on East First street, suffering from lagrippe.

A NEW FEATURE

2-FOOT CHECK WILL BE USED "PAY-UP WEEK."

WILL BE ISSUED FOR $1

Aim Will Be to See How Often These Checks Change Hands — Close Record to Be Kept.

The spirit of "I'll Pay My Bills So You Can Pay Yours," will be the predominating one for the week of February 19 to 24, when Maryville will observe National Pay-Up Week, and one of the special features of the week will be the circulation of 2-foot checks for the amount of $1. The aim will be to see how many bills these large checks will pay and a close record will be kept as to the number of times each changes hands.

At Bellefontaine, Ohio, a dollar bill, used to discharge a debt on the first Monday of National Pay-Up Week, was employed twenty-seven times during the week in meeting obligations of those through whose hands it passed, and was finally returned to the sender in his pay envelope, thus illustrating in a striking way the claims that had been made for National Pay-Up Week.

This ordinary dollar bill had attached to it a slip which the persons who used it in paying debts should sign their names, in order that the story of its travels might be related. It was through this record the fact was learned that this single bill discharged in whole or in part $27 in the five days of its circulation.

During the five days that this single bill was moving around Bellefontaine it fell into the hands of an insurance agent, a news dealer, three clothing dealers, a druggist, a dry goods firm, five grocers, a shoe dealer, a confectioner, a physician, a jeweler, a publisher, a loan agent, an auto supply dealer, a hardware firm, a drayman and a garage keeper.

TURNS DOWN POLICE BOARD

Senate Refuses to Confirm Appointments of Members at St. Joseph at Session Yesterday.

The senate refused to confirm the appointments of James L. Davison and James E. Cox, members of the St. Joseph police board at the session yesterday. The vote was 18 to 15. Senator McKnight of this district and Senator Glick of Mound City both voted for the confirmation of these men.

The present reform board at St. Joseph was named by former Lieutenant-Governor Painter in Governor Major's absence from the state. The Crandall faction at St. Joseph was demanding their scalps.

Mr. Cox, a member of the board, was in Maryville yesterday attending the funeral of B. Raleigh Martin.

FIGHTING IS LIMITED

Engagements On All Fronts Continued, But Are Successful Only In the West.

Special to The Democrat-Forum.

Berlin, Jan. 19.—Fighting has been limited on all fronts during the past twenty-four hours. In Rumania, the Russians and Rumanians continued their attacks against the Austro-Germans in the mountains in sections of Moldavia, but all were repulsed. On the Western front the German patrols carried out successful engagements at a number of places. There is increased activity along the eastern front.

Petrograd, Jan. 19.—Nearly a half million Teutonic soldiers were taken prisoners by the Russians during the year 1916, according to the army service journal.

G. W. HEMPSTEAD TO LEAVE

Has Sold Property to T. J. Puckett, and Will Look for Location in Another State.

G. W. Hempstead has sold his property on South Market street to T. J. Puckett and will give possession on March 1. Mr. Hempstead will leave in the morning for Siloam Springs, Ark., where he will spend a short time visiting friends, and then will travel throug various states with a view to looking for a location for his future home. His family will remain in Maryville until he has decided upon a new location.

CLASS DAY PROGRAM

LARGE CROWD ATTENDS SEMI-ANNUAL EXERCISES.

CLEVER PLAY IS GIVEN

Salutatory By Miss Bellows—Presentation of Frieze and Musical Numbers Complete Program.

A large crowd of parents, students and patrons of the Maryville High School attended the Class Day exercises given yesterday afternoon in the High School auditorium, and every number of the program was immensely enjoyed.

The program was opened by a selection from the class orchestra of seven pieces. This class is the first class that has ever had an orchestra and the members are all accomplished musicians. The selection, "Hawaiian Nights," was played by the following: violins, Clara Wray, Craig Tinney, Henry Sawyers; cornet, Gerald Whaley; piano, Laura Curfman; clarinet, L. J. Schultz, and guitar, Esther Dietz.

Claude Glass the president of the class, the hero in the class play and the one designated to present the frieze to the school, was unable to be present on account of a recent operation for appendicitis. His parts in the exercise were taken by William Van Cleve, Prof. L. J. Schultz and Craig Tinney.

The class prophesy was given by Miss Mildred Bellows, daughter of Mr. and Mrs. C. D. Bellows. She gave a description of the class in 1936, and as she named the various occupations in which the members would be engaged twenty years hence, she had occasion to mention other well-known students of the High School.

Miss Clara Wray gave a violin solo, "Minuet," by Beethoven, and her selection was followed by the first act of the Class play, "A Most Unusual Story." The play was prepared under the able direction of Miss Lois Halley, and the parts were given with a view to bringing out the individual ability of each member of the class. Those who saw the play commented upon the fact that each participant was "exactly fitted to the part taken."

The "Unusual Story" was occasioned by the promise of Catherine, a senior in college to hear what her admirer has to say if she can win a literary contest. She must write an unusual story out of her own experience and her brothers and sisters endeavor to furnish her with a plot by giving her a scare. One tries to kidnap her, and another poses as a burglar. These cause many amusing complications, she wins the contest and then her lover gets to tell her what he wishes to. Miss Faye Herndon, as the heroine and William Van Cleve as the hero were ably assisted by the other members of the class.

A piano duet, "Military March," was played by Misses Mildred Bellows and Laura Curfman betwen the two acts of the play. The presentation of the frieze was made by Craig Tinney, who gave the history of the frieze which is called, "Alexander's Triumphal Entry into Babylon." The speech of acceptance was made by J. R. Brink of the Board of Education in behalf of the school. The class song, written by Misses Mildred Bellows and Cecile Fraser, closed the program.

AN ANNUAL BANQUET

H. L. HAINES ENTERTAINS THE "BUNCH" WITH TURKEY DINNER

OTHER GUESTS PRESENT

Miss Kate Schenck and Mr. and Mrs. Augustus Romasser Attend Also A Varied Program Given.

Harvey L. Haines entertained the "Haines Bunch" and a few other guests with a banquet last night in his apartments on North Main street. A January banquet to his employees is an annual observance with Mr. Haines and last night was the third one.

Dinner, of which the "piece de resistance" was a 24-pound roast turkey, flanked by a six course menu of trimmings, was served at 7 o'clock.

The guests were seated at two tables which were decorated with broad bands of red ribbons and centered with vases holding red and white roses. The guest favors were red and white roses.

The evening's entertainment began with a health to the host, given by Miss Kate Schenck, who paraphrased one of Eugene Field's toasts for the occasion.

A mock court followed for the trial of four young women of the "Bunch," charged with disrupting the expected alliance between another young woman and her Connecticut swain.

Augustus Romasser acted as judge, Mr. Haines as prosecutor, Paul Willson as attorney for the defense and Elmer Allen as sheriff, and the evidence submitted turned loose an avalanche of fun.

Mrs. Romasser gave a reading, "Restin' in the shadow at the fur end of de row," which was enjoyed greatly and the conclusion was given by Mr. Romasser in a German dialect story. Victrola music was interspersed throughout the evening.

An after dinner luxury enjoyed was a large box of bon-bons sent to the "Haines Bunch" by Lawrence Schumacher.

The employees present were: Miss Bertha Schmauder, Miss Irene Redfield, Miss Gladys Ford, Miss Ella Noll, Miss Anna Stapler, Miss Katherine Vaughn, Miss Stella McDowell, Miss Elizabeth Heffern, Miss Clara Sherlock, Paul Willson and Elmer Allen. Additional guests were, Mr. and Mrs. Augustus Romasser and Miss Kate Schenck.

The cooking and serving of the dinner was done by two of the city's colored chefs, Clarence Baker and his wife.

Sunday Sermon Subjects.

The Rev. Gilbert S. Cox has selected as his morning subject for Sunday, "The Tears of Jesus." In the evening he will address the congregation on "The Sacredness of the Marriage Vow." This sermon is one on the series concerning the Ten Commandments.

Dr. Gaugh of Burlington Junction, who has been seriously ill for the last few days, is reported improved today.

TALK AT CLEARMONT

MISS ANTHONY TO LECTURE BEFORE THE SCHOOL PATRONS.

MANUAL TRAINING BEGINS

Miss McPherron Organizes Class in Manual Arts Which Will Open This Week.

Miss Anthony, head of the Home Economics department of the Maryville State Normal, has been invited to lecture before the patrons of the Clearmont school, on Friday afternoon January 26. This is the regular meeting of "The School Improvement Club" which was organized last fall.

Miss Anthony is considered one of the strongest members on the Normal faculty. She has a wide acquaintance among the Home Economics people and has done considerable lecture work not only in this state but has also been called into other states to give lectures. We may indeed consider ourselves very fortunate if we are able to secure her for January 26. Watch for next week's announcement.

The school wishes for a continuation of this excellent weather we have been having. The attendance has been good and a full attendance means superior work and rapid progress.

Beginning this week, some manual training will be given in the Clearmont school. It is being taught under the supervision of Miss McPherron in the grammar room. So far we have only the one bench but another one has been ordered for some time, and is expected daily. Only the fundamental principles are to be taught now.—Clearmont News.

LANGAN WILL FILED.

St. Joseph Man Leaves Various Bequests to Maryville Relatives.

The will of John Francis Langan, who died at St. Joseph January 12, was filed in the probate court today. It was dated October 19, 1916. Among the bequests are the following: To his brother William Langan, $1,000; to his grand-niece, Kathryn Winifred Baker, $500; to his niece, Mary Grace Langan $1,500. Mary Grace Langan was appointed executor of the will.

W. C. Baker, Curator.

W. C. Baker, the father of Kathryn Winfred Baker, 8 years old, was appointed curator of the estate of his daughter in the probate court today.

WINS HIGH HONORS

WILLIAM VAN CLEVE MAKES A CLASS AVERAGE OF 95.8.

WILL GIVE VALEDICTORY

Miss Mildred Bellows, Close Second With 95.1 Record—Both Averages Exceptional—Exercises Tonight.

Fourteen members of the mid-year graduating class of the Maryville High School will receive their diplomas at the Commencement exercises this evening, which will be held in the High School auditorium at 8 o'clock. Claude Glass is unable to be present on account of illness.

William Van Cleve, son of Mr. and Mrs. W. C. Van Cleve, will deliver the valedictory, having won the race for the highest average during the four years' High School course. His average was 95.8 per cent with the average of his nearest competitor, Miss Mildred Bellows, 95.1 per cent. Mr. Van Cleve and Miss Bellows were students, whose work was away above the average, and the disposal of first and second honors was much in doubt until the final six weeks' grades were in. William's lowest grade throughout the high school course was 93 and he made but two of those. Miss Bellows is a young girl of remarkable mental ability, according to her teachers, and her average was far above the highest made in many of the previous graduating classes.

Besides the valedictory, the High School Orchestra will give two selections, the invocation will be given by the Rev. Gilbert S. Cox and the class address will be delivered by the Rev. R. C. Holliday. The presentation of the class to the Board of Education will be made by Prof. R. M. Magee, and the presentation of diplomas will be made by W. A. Blagg, a member of the board.

Mr. M. V. Carroll, secretary of the Missouri State Motor and Good Roads association will speak at a meeting in Maryville, Friday, January 26, for the purpose of organizing a county auxiliary to the State association. This, and many other kindred topics will be discussed by him and suggestions as to the manner in which remedy may be effected will be made.

Do you own an automobile?

Ever have your machine or any of its parts stolen? How did you proceed to recover it? Had to offer a considerable cash reward, didn't you? Also, worried a whole lot?

Ever run into a grafting "speed trap," and were scorched with a fine and "trimmins" on a trumped-up charge?

Ever get fleeced by one of those "mud-hole barons," who charged you from $1.50 to $10.00 for "snaking" your machine out of his pet mud hole?

Ever get "stuck up" by a lawsuit for alleged damage caused by your alleged (?) reckless driving?

If any of these things have happened (?) to you, you can appreciate the time "when a feller needs a friend." Those are some of the many reasons why every automobile owner and dealer should be affiliated with his local and state automobile association. Those organizations offer substantial rewards for the recovery of stolen cars and the apprehension of the thieves; they provide legal machinery to resist unwarranted prosecutions and malicious annoyance and, such is their reputation for pursuing transgressors, their emblems on the cars of members exercise a wholesome repressive effect.

All affiliated automobilists are earnest, presistent and liberal roads improvement boosters and all of those associations render valuable assistance for the promotion of better roads. Incidentally, it may be stated that the 108,000 automobile owners pay into Missouri's "General State Road Fund," $500,000 a year.

THIS "TODDLE" FOR BABIES' FEET

It's the Very Latest Thing In Dancing.

THAT PIVOT HARD TO DO

Even Dancing Teachers Have Hard Time Learning How to Perform the Latest Steps—Stout People Had Better Stick to the Old Fashioned Dances.

Toddling will be one of the dancing diversions this winter, said G. Hepburn Wilson, head of the American National College of Dancing, at a convention of dancing teachers in New York city the other day. Fifty teachers saw him go through the toddle.

Mr. Wilson said the new dance was simple, but to a nonprofessional observer it did not look so. In performing it you sway backward, then forward to the rhythm of the music. There is a "break" in the music like that in the old fashioned clog dance. An air has been composed for the new dance.

How It Is Done.

"It's the break that gets the people's feet going," said Mr. Wilson. Here is the way the dance looked:

First the man takes four steps forward and the woman four steps backward. Then the trouble begins. Any one can take the four steps, but the rub is to pivot and turn on one foot on the next step. The turn must be done rhythmically, with the body swaying, and if you loss your balance it's all off. Every one lost his or her balance at the convention, and all were teachers. For the ordinary mortal the thing seemed impossible. It took the class an hour to get the pivot and turn.

It's Strenuous Work.

Mr. Wilson had two young women assistants on hand to aid him, but even they grew despondent as they tried to show the teachers how to toddle. After three hours of practice the class managed to master the cardinal principles of the toddle, but still were uneasy as to the break and pivot.

"The toddle," said Mr. Wilson after the meeting, "is a simple dance, and people undoubtedly will take hold of it with a will."

In watching the new step several things were noted. First, if you are a woman it would be wise to wear abbreviated skirts. Even Mr. Wilson admitted this. Another conclusion: If you are fat do the best you can until you get to the turn and pivot. Then sit down.

BRITAIN TO BE DIVIDED INTO FARMING PLOTS

All Idle Lands Will Be Used In an Effort to Solve the Food Problem.

The steps which the British government intends to take to increase production of foodstuffs within the kingdom were explained to a meeting in London of agriculturists recently by Rowland E. Prothero, president of the board of agriculture. He said that in the first place it was intended to fix the contract price for home grown wheat at 60 shillings and that similar action would be taken in regard to potatoes, oats and barley, the prices for which are now under consideration.

Surveys are now being carried out to ascertain the land at present idle or insufficiently cultivated and to have it cultivated to the fullest extent.

It was announced that in every county an agricultural committee would be supplied with lists of the products most essential and would be told what they were expected to grow. These committees would have the power to acquire land by compulsion, if necessary, and a system of credit would be established.

"We are a beleaguered city," said Mr. Prothero, "and must act in the fullest consciousness of that fact."

According to some of the newspapers, two days' experience of the first food control measure, which regulates the number and nature of courses served in hotels and restaurants, has been sufficient to prove it futile. They say that not only has it failed to check consumption, but that in many instances it has increased it. The papers urge food tickets or a tax on hotels and restaurant bills as in Paris.

PRESIDENT'S DAY.

Mr. Wilson's Crowded Schedule Calls For Early Rising.

LIKES GOLF AND BILLIARDS.

Out of Bed at 5 a. m., Bathes and Is In Study Not Later Than 5:30—Always Retires Before 11—Reads Poetry Aloud and Takes Pleasure In Latest Detective Stories.

Washington.—President Wilson has a well defined schedule mapped out for his daily work when in Washington. He sticks to this schedule closely. It calls for his arising at the early hour of 5 o'clock. Then he has his bath and is in his study not later than 5:30 o'clock, says the Louisville Courier-Journal in a recent account of the president's schedule.

Usually the president is met in his study by his stenographer, Charles Swem. Charlie, as he is known about the White House, takes dictation until 8 o'clock, which is the president's breakfast hour. Breakfast over, Mr. Wilson is accustomed to return to his study to continue his morning dictating.

About 9:30 o'clock in the morning the president receives a list of appointments which Secretary Tumulty has made for him at the executive offices. These engagements never begin until

Photo by American Press Association.

THE PRESIDENT AS A GOLFER.

10 o'clock. Few of them are for longer than half an hour. These engagements run up until about 12 o'clock, the president always leaving the office building for the White House for luncheon not later than 1 o'clock.

Usually the president's afternoons have been given over to recreation. Of course the president played golf but a few times during the railroad crisis. He then only did so because Dr. Grayson thought it advisable for him to get a little outdoor exercise. On the motor rides and at the golf matches Mrs. Wilson was always his companion.

The motor trips are usually over by 6 o'clock, so there is ample time to prepare for 7 o'clock dinner. Most of the president's evenings have been devoted to work.

For the last few months there has been a great mystery about the White House. It has to do with one of the means which the president employs to relax from his presidential duties. This form of amusement is nothing more than the popular game of pool, or, speaking in more polite terms, pocket billiards.

When the conditions are normal at the White House the president has two means of relaxation other than playing billiards. He takes great delight in reading poetry aloud. The other form of amusement is the reading of detective stories. He gets the latest books of this sort.

President Wilson does not believe it wise to keep the midnight oil burning. Therefore the hour of 11 o'clock usually finds him in bed. More often it is before 11 o'clock that he retires. This is necessary because of his early risings.

ADMIRAL DEWEY'S FUNERAL

Elaborate Services Being Arranged in Honor of Dead Hero—Naval and Military Men to Participate.

Special to The Democrat-Forum.

Washington, Jan. 19.—A great public demonstration to honor Admiral Dewey at his funeral here tomorrow was planned yesterday by various government departments. Public addresses will be held in the capitol rotunda, at 11 o'clock and the body will be carried at the head of a long funeral cortege up Pennsylvania avenue from the Dewey home, where private services will be held earlier. High officials, midshipmen from Annapolis, sailors and marines and other army and navy units will be in the procession.

Congress will be adjourned for the day and all government departments will close. At noon all senior ships of the navy wherever they are stationed in the world will fire a salute of nineteen guns in honor of the dead admiral. Flags are to be at half-mast and the navy building will be draped in black.

Rear Admiral G. Lennon, in charge of the funeral arrangements, today extended invitations to President Wilson, cabinet members, former secretaries and assistant secretaries of the navy and other high officials to attend the public ceremonies at the capitol. The admiral conferred with Senator Tillman and Representative Padgett, chairman of the congressional naval committees, to arrange for the senate and house members who will attend the services in a body.

In addition to the naval and military forces already designated to participate, sailors of the battleship Arkansas in Hampton Roads today were ordered to Washington.

Washington, Jan. 19.—The President and Mrs. Wilson will not only attend the great public funeral of Dewey at the capitol tomorrow, but will also be among the mourners at the family's private service, it was learned today.

A GOOD LOOKING SOLDIER

Major Henry A. Riekers Was Called "Best Looking Soldier in Germany," by the Kaiser.

Special to The Democrat-Forum.

Washington, D. C., Jan. 19.—Veteran of several campaigns in China, Cuba, and the Philippines, the man whose military appearance won the personal praise of the Kaiser, Sergeant Major Henry A. Riekers has been designated as one of the candidates for appointment to the newly established rank of warrant officer in the United States Marine Corps.

Riekers came into the limelight during the visit of the U. S. S. Louisiana to Kiel, Germany, shortly before the war, when Emperor William said that Private Riekers was "the finest looking soldier in Germany," according to dispatches that appeared in the German press at that time.

Funeral services for Mrs. L. F. Hammond of Higgins, Tex., who died at a sanitarium in Arkansas City, Kan., January 15, and was brought to Skidmore for burial, were held at 2:30 o'clock this afternoon at the Burr Oak church, conducted by Rev. Welton of Skidmore assisted by Mr. Barrett, Mr. Harrison and Mr. Sauceman.

Mrs. Hammond is survived by her husband and seven children. She was the mother of W. E. Hammond of Skidmore.

MOTHERS, DO THIS—

When the Children Cough, Rub Musterole on Throats and Chests

No telling how soon the symptoms may develop into croup, or worse. And then's when you're glad you have a jar of Musterole at hand to give prompt, sure relief. It does not blister.

As first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use.

It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frosted feet and colds of the chest (it often prevents pneumonia).

BOUGHT SOME FINE HORSES

Frank Adams of B. J. Buys Two Teams That Are Hard to Beat—Makes Shipment to St. Louis.

Frank Adams had four loads of horses on the St. Louis market this week. In the shipment were some of the best ones that ever left this part of the state. Twenty head of the shipment weighed over 1,700 pounds. He bought a team of bays on his billing in Nodaway county that are hard to beat. One of them he purchased from S. A. Jones that weighed 1,830 pounds, and the other he bought in Skidmore. Its weight was 1,690. He also bought another one in Skidmore that weighed over 1,800.

Adams is buying the very best horses he can find and has a home for all weighing 1,200 pounds and under 10 years old. He made up a load of extra good ones from Burlington Junction, Skidmore, Quitman and Wilcox the last of the week.—Burlington Junction Post.

Agents Say That Leader Is Delaying Real Attack 'Till Withdrawal of General Pershing.

Special to The Democrat-Forum.

El Paso, Jan. 19.—Outpost fighting continued around Chihuahua City today, but Villa agents here declare that the bandit leader is delaying a real attack until Pershing begins his withdrawal. Army men at Fort Bliss expect this order very soon. They believe that General Funston will draft recommendation that troops be brought out shortly after his return to headquarters today from trip inspection.

URGE WIDER U-BOAT WAR

Germans in Favor of Vigorous Prosecution of War by Increased Submarine Activity.

Special to The Democrat-Forum.

London, Jan. 19.—At today's sitting of the Prussian Diet, Reuter's Amsterdam correspondent says, a number of speeches were delivered and great enthusiasm was shown in favor of the vigorous prosecution of the war and increased submarine activity.

Paul Breitenbach, Prussian minister of public works, said the rejection of German's peace offer had evoked a feeling that it was now a battle to the utmost for the fatherland, adding that perhaps the heaviest fight was that of "truth against enemies lies."

Doctor Von Heydebrand, the Conservative leader, and Doctor Herold, Centrist, in loudly applauded speeches advocated that complete freedom be accorded the military authorities to carry on unrestricted submarine warfare, declaring that the German people were ready to bear the consequences.

The Times prints an article by a neutral, the article purporting to have been dispatched from Cologne, January 12, uncensored. It deals among other things with submarines, and says: "While it is true that the big submarines have not been the success expected, the feverish building of submarine parts seems to indicate that the government shares the general opinion that the submarines can snatch victory out of the present abysmal gloom."

The correspondent quotes the head of one of the largest manufacturing concerns in Europe as saying that the point of view of the German government is that the war is settling down to a starvation match between Germany and her enemies, and that the submarine may place Germany in a position to dictate terms.

HOLLINSBE CHILD DIES.

Pneumonia Fatal to 1-Year-Old Child of Mr. and Mrs. Charles Hollinsbe.

Raymond Hollinsbe, the 1-year-old child of Mr. and Mrs. Charles Hollinsbe, died yesterday at the home of his parents, northeast of Maryville, following a short illness of pneumonia.

Funeral services were held at 2 o'clock this afternoon at the Myrtle Tree church, Rev. C. S. Dayhoff of Pickering conducting the services. Burial will be in the Myrtle Tree cemetery.

Mrs. Ed Hunt of Sedalia, Mo., who has visited friends and relatives during the holidays, returned this morning to her home.

IF Ivory Soap sold for 25 cents per cake, a great many people would consider it the finest toilet soap in the world.

Because it sells for 5 cents some think it is merely laundry soap.

The fact is, Ivory Soap could not be made better for toilet purposes if it sold for $10 per cake. It contains the finest materials that can be bought. It is made so perfectly that there is no free alkali or free oil in the finished product. It is mild. It is white. It is pure. It floats. It lathers freely and rinses easily.

WHAT WOMEN WANT

GOOD LOOKING MEN ARE NOT THE MOST POPULAR.

WIVES THAT MEN WISH

Sociology Students Decide On Qualifications For Wives and Husbands of the Present Day.

What the young women would require of their future husbands:

1. Good moral habits.
2. Good income.
3. Social position and good family connections.
4. Congeniality and good treatment.
5. Education and intellectual ability.

What the young men would require of their future wives:

1. Reputation for a good name.
2. Physical attraction.
3. Social graces.
4. Youth.
5. Training for the home.

The idea that women desire men who are romantic, dashing and attractive, and men are looking for wives who are "home-bodies" was refuted in the above list compiled in the "A Class" in sociology of forty-one girls and twenty-seven men at the University of Missouri. The consensus of the women's opinion was in favor of the steady, moral, economical and intellectual man, while the men — they seem content to choose the butterfly, not all of them, of course, but the majority in each case

The lists were all unsigned—no one knew the requirement of the other. One of the women stated that one of her requirements was that the man should be a good spender, while one man wanted a wife who would be economical. So there you are.

There were other requirements that received scattering votes. Many girls said their husbands would have to be young, but not too young. One preferred a middle aged man. Another girl made handsomeness her first requirement. Still another, more romantic, voted for mutual infatuation. The men entirely overlooked the idea of money. One practical young man gave common sense as one of his prime requisites for a wife.

These are all, of course, merely ideals—nothing more.

FORGERY IS CHARGED.

W. H. Alexander of Burlington Junction, in Custody at St. Joseph for Passing Bogus Checks.

The following is from the St. Joseph News-Press:

W. H. Alexander, forty-one years old, a bricklayer of Burlington Junction, is held at Central Police Station on a charge of passing worthless checks in St. Joseph two weeks ago. He was arrested late yesterday by detectives. The firms Alexander is said to have victimized are: St. Joseph Lumber company, Dougherty-Moss Lumber company and J. W. Bruce Coal company. It is possible there are others, the police say. At each small purchases were made and a check for $30, drawn on the First National Bank, was tendered, the purchaser receiving the difference in cash. The name of Reynolds had been signed to each check, but in each case the initials were different.

When taken into custody Alexander's face was covered with a week's growth of beard, whereas the man who passed the spurious checks had been reported as neat and of decidedly prepossessing appearance. Chief of Detectives Johnson this morning sent the suspect to a barber shop and upon his return representatives of the firms mentioned were quick to identify him. A state charge has been filed.

CAMERON HAS HARD TIME

People Slow to Respond to Call for $65,000 Donations — Chillicothe Will Make Offer.

The Chillicothe people who are keeping in close touch with the progress of the committee at Cameron working to raise the required sum of money stated by the board of trustees in that town in December to retain the Missouri Wesleyan college there have received word that the committee is working slowly and receiving little encouragement in its efforts. Saturday night less than $5,000 had been promised the committee toward raising the required $65,000. The committee has until February 15 to meet the requirements of the board of trustees.

Chillicotheans who have been in Cameron during the past few days bring back reports that the business men and also many of the farmers who were former subscribers to the college have withdrawn their names from the subscription paper and will not donate toward retaining the school there.

Just what has changed the sentiment is not known but it is the general opinion in Cameron that the committee will be unable to raise the required sum of money.

If Cameron fails to meet the requirements of the board then Chillicothe, making the second best offer for the college, will take hold of the proposition. This question will be one of the important ones for discussion at the meeting of the Chamber of Commerce tomorrow night.—Chillicothe Constitution.

PLAN BIG EXHIBIT OF U. S. ACTIVITIES

Suggestion For Pre-Inaugural Show Is Encouraged.

CONGRESS GIVES SUPPORT

Thousands of Visitors Expected to Be Attracted to Washington During Inauguration Week—States to Have Separate Exhibits, Which May Become Permanent at Capitol.

The Federation of Citizens' Associations has set on foot a movement to bring to Washington thousands of pre-inaugural visitors for a glimpse of Uncle Sam in his daily work for the people.

Aroused by the progress that has been made toward getting the preliminary arrangements under way, members of the federation say that the project has expanded beyond all expectations and practically is assured of being a tremendous success.

Already Accomplished.

These are some of the things that have been accomplished:

The interdepartment committee, composed of chief clerks of the various government departments, has unanimously approved the plan, promising full co-operation with the federation in the installation of exhibits and other features.

A joint resolution giving the sanction of congress to the plan has been introduced in both the senate and house and, according to Senator Martine, will be reported favorably to the former body. Representative Cantrill is in charge of the bill in the house, where favorable action also is expected at an early date.

Governors have been officially informed of the plans for exhibit week and invited to attend the display or send their representatives.

One big development has grown out of the federation's activities, and that is revival of the suggestion for the establishment in Washington of a permanent exposition of the states. There is now little doubt but that exhibit week will be utilized as an entering wedge for promotion of the larger proposition.

The plan is to have a national mass meeting, probably March 3, for the purpose of considering this matter. Governors of states and territories will be invited to attend the meeting or send representatives with power to act. Efforts will be made to organize a national committee for promoting the building in Washington either of separate buildings for the states or one building, in which each state would be represented by a room where its exhibits could be installed.

With some of the larger preliminary considerations out of the way, the federation committee now will get down to work in earnest on the details of the undertaking.

Hunting Suitable Building.

First it will be necessary to find a building in which to install the exhibit. Both the new building under construction for the interior department and the new National museum building are under consideration.

Subcommittees will be appointed to take up such questions as finance, publicity, obtaining of reduced railroad rates and other matters. Having determined to make the exhibit worth while and to extend its educational scope as far as possible, the committee proposes to advertise the symposium extensively throughout the country with the object of attracting to Washington the largest preinaugural gathering of history. It is believed that thousands of Americans will be induced by the added attraction to come to Washington for a visit of several days in advance of the inaugural festivities.

GOT HIS MONEY BACK.

Missouri Farmer Lost $50 Seven Years Ago; Successor Found It.

Robert King of Marionville, Mo., has just received $50 from the United States treasury as reimbursement to him for the loss of that amount more than seven years ago. While plowing corn in 1909 King lost his pocketbook. It contained two twenty-dollar bills and one ten dollar bill.

Last spring J. H. Chamberlain, who now owns the land, found the purse. Scarcely anything was left of it but the metal. Within was a lump that on close inspection proved to have been paper money.

It was sent to Washington, where it was unfolded and pasted on a cardboard, a small piece at a time. This was returned to Marionville for affidavits of both the loser and the finder.

NEW MACHINE GUN FIRES 3,000 SHOTS PER MINUTE

A centrifugal machine gun, said to throw 3,000 projectiles per minute at an initial velocity of 4,000 feet per second, was recently tested by naval authorities at Vallejo, Cal.

The gun is operated wholly by electricity. E. N. Rice of San Francisco claims the invention.

NEWS FROM ALL Northwest Missouri

The most unusual instance of stealing recently recorded, was staged at Lathrop, one night last week. A gasoline engine, battery-box and tools, with a total value of $125 were stolen from the pump house of the Burlington stock yards. A large bolt cutter was stolen the same night from a blacksmith shop. Wagon tracks were visible the next morning, indicating that a wagon had been backed up to the pump house and the engine had been cut loose from its foundation and loaded into the wagon. The Optimist states that a Burlington railroad detective is working on the case.

For forty years a subscriber to the Gallatin North Missourian, A. D. Scott, of Jameson, called on Editor Harrison, last week, to renew his credit and refresh old memories. His first subscription was paid in rat scalps, and through thick and thin he and the home paper have remained steadfast friends.

Among the Y. M. C. A. organizations in towns of 2,000 or less population, Gallatin's holds first rank in the United States, in membership, in number using the gymnasium, in number of boys enrolled in Bible classes and in number of persons making daily use of the building.

A relief fund of $480 for the Syrian war victims has been collected by one Northwest Missouri church, the Presbyterian at Tarkio.

Westboro's school bonds were bought last week by St. Louis investors, an $800 premium being paid on the $20,000 bonds.

The record price of 91 cents a bushel was received by C. E. Walker of Burlington Junction, for 2,000 bushels of corn. Both foreign and local buyers were bidding for the grain, says the Post.

A five per cent dividend was declared by the Andrew County Mutual Telephone company, at their recent annual meeting. The net earnings for the year amounted to $4,469.65. This organization serves 15,000 persons, saws the Savannah Reporter.

A Helena farm wife, Mrs. S. E. Potton, sold a load of chickens weighing 1,024 pounds and bringing $165.

There was only one automobile in Fairfax in 1906—just ten years ago. There were but 21 in all of Atchison county. In the issue of December 14, 1906, the Forum stated that all these cars were owned by business or professional men. It did not suggest that farmers could use them to advantage. Now nearly every farmer in the county has a car.—Fairfax Forum.

Playing war ended disastrously for two Missouri boys near Pollock. They were 12 and 15 years of age, and one day, just after dinner, they played they were at war. The older boy pushed his brother into a room, and held the door, saying that he had taken a prisoner. The imprisoned lad spied a shotgun in the room and pointed it at the closed door, saying, "I've got a real gun and I'm not your prisoner, and I'm going to shoot the guard." He was as much startled as his brother when the gun went off. The load penetrated the door and entered the older boy's arm. Only by amputation of the arm the boy's life was saved.

The Northwest Missouri Gas and Oil Development company, is the name of a new corporation with headquarters at Liberty, and having as its purpose the making of a complete test for gas and oil in Clay county. Leases are being taken and as soon as this preliminary work is finished, drilling will be started.

A year ago the employes of the Carter store at Mound City, enjoyed a banquet, at which their employer promised each faithful member of the sales force a share of the net profits of the ensuing year, above a certain amount. Last week another banquet was held, and beside the plate of each guest was a substantial check. The same offer was announced for the coming year, and the News-Jeffersonian states that Mr. Carter was promised the loyal support of every member of his sales force.

A $25 horse walked through a $75 plate glass window at Mound City last week. The horse was blind and had been entrusted to the guidance of two small boys. The boys deserted their charge when they saw the dangerous direction of its course and consequently were not hurt. The glass was broken into small bits, but the horse was not seriously injured.

Not content with making his automobile save his horses, Lem Hall, of near Unionville, makes his car grind feed for his cows an dchickens, as well. A small grist mill, connected by a belt with the rear wheel of the car, does the trick, while the auto remains in the shed.

At Dearborn last Monday, 82,080 pounds of tobacco sold at an average price of $15.97 a hundred pounds. The lowest price was $8.00 and the highest was $21.00. The Dearborn Democrat tells of one grower who had 15,000 pounds, and whose offering brought $17.25 a hundred.

The Grant City Commercial club, of which Editor G. C. Haas, of the Worth County Times is the newly elected president, has taken up the matter of co-operating with the county court and the farmers of the county, in obtaining a county agricultural agent. Sentiment, in Worth, appears to be favorable toward this progressive movement.

A free wagon bridge across the Missouri, at Kansas City, is the proposition for which Clay and Jackson counties have jointly asked legislative approval.

Uncle Pete Rhinehart, of Ridgeway has been laid up with rheumatism for several weeks, so a group of his neighbors recently spent two days in his timber, chopping and sawing enough stovewood to last him and his good wife all winter. He knew nothing of their neighborly kindness until a few nights later, they all came with their wives and ample provisions, for an oyster supper, and after a happy evening together, told him what they had done.

One $25 share of stock in the new Harrison County Fair Association was put up at auction near Bethany last week among other property of a man who is leaving the state. It brought $27.50.

To try the effect of his newly concocted rat poison, an Eagleville druggist had a cage full of live rats brought to his store. Bright and early the next morning, he went down to the store to proceed with the experiments, only to find the cage empty and the rats cavorting about just where he didn't want them.

The boy's corn growing contest at New Hampton, closed recently with Tom Carter winner. His 1-acre field yielded seventy bushels and twenty-five pounds.

Punch-boards, slot machines and cigar wheels, that held possibilities of various winnings, have been relegated to the basements and back rooms, in Mercer county, since the new prosecuting attorney, John E. Powell, took oath of office. "These machines and boards are games of chance and really gambling devices, according to law," said Mr. Powell to a representative of the Princeton Post. "There is in Missouri a law against their operation and my business is to see that the law is enforced."

A Trenton grocery store was submarined by an old can of blackberries one day last week. A clerk was cleaning up the shelves when he came upon an aged can of blackberries. These he threw into the stove and went on about his work. Luckily for him he did not stand around to see what would happen, says the Trenton Times. A loud explosion followed and in the clearance it was found that the stove had been demolished, and that the stove had been the subject of a bad accident.

A lemon measuring ten inches in circumference was picked from a tree in DeKalb county, January 2. It wasn't a figurative lemon, but a real one from the tree owned by Bob Iden, of Maysville.

CANADA STRE OF VICTORY

Our Northern Neighbors Unwilling to Have Germany Dictate Terms of Peace, Says Dr. Ravenel.

Canadians are confident of victory—entirely unwilling to have Germany dictate terms of peace, prosperous through the labor of thousands of aliens, heart and soul for England, is the picture that Dr. M. P. Ravenel of the department of preventive medicine of the University of Missouri, draws after a trip to Saskatoon, Saskatchewan.

Doctor Ravenel addressed the livestock breeders of the province on the "Tuberculin Test" and "Bovine Tuberculosis," and the dairymen on "Pastuerization and the Marketing of Milk Products." The meetings were held under the management of the Department of Agriculture of the province and the University of Saskatoon.

The University has lost one-third of its enrollment by enlistment for foreign service, Doctor Ravenel says. War prices seem prevalent. Butter and eggs are both selling at seventy-five cents the pound and dozen. However, money is plentiful because of the farming.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the *real* cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

THE GILMORE TRIAL

CASE WILL COME UP FOR TRIAL ABOUT FEBRUARY 10.

DATE IS NOT DEFINITE

Judge Dawson to Hold Term of Court at Grant City February 19 — Trial Will Be Before That Time.

The murder case of Mrs. Clemma Gilmore will be tried before Judge Dawson the fore part of February, but the definite date for the commencement of the trial was not set at this morning's session of circuit court. Judge Dawson will hold a term of circuit court at Grant City beginning February 19, and the case will be tried before that time. It will probably commence about February 10.

Mrs. Gilmore is charged with killing Mrs. Ella Shipps last August. She has been a prisoner at the county jail since that time.

William Linville on a charge of gaming was fined $25 and given a sentence of ninety days in jail in court this morning. For good cause shown Linville was paroled as to the jail sentence.

The cases against Rufus Palmer, on charges of selling liquor to minors, and gaming, were continued until the next term of court by agreement.

MISS HERWICK TO DECATUR

Young Business Woman of Maryville Leaves For New Position In Hospital.

Miss Mary Herwick who has been employed for several years at Reuillard's, leaves Sunday evening for Decatur, Ill., where she has accepted a position in a hospital.

The hospital is under the direction of the same sisterhood by which St. Francis hospital in this city is operated. Miss Herwick will go into active employment in the hospital and will later take a nurse's training.

Miss Herwick is one of the best liked young business women in the city, and during her service at Reuillard's her quick ability and genial manners have drawn to her a great many friends whose good wishes will travel with her to Decatur.

GRAND JURY MAKES REPORT

Indictments Brought In to Judge J. M. Dawson Today — Conditions Good in County, Report.

The grand jury reportd this afternoon and brought in ten "true bills" for violations of the law. No information was given out about how many of them were for violations of the local option or gaming laws.

The jury brought in the indictments about 3 o'clock this afternoon to Judge Dawson. The jurors left soon after for their homes.

One member of the jury said that conditions were very good over the county and that every effort was exerted to find out infractions of the law. Many witnessess were examined from every section of the county.

The grand jury visited the county farm late yesterday afternoon and inspected the county jail this morning. The rest room was visited by the jurors this afternoon. No report of any changes or recommendations to these places were made by the jury.

The jury was composed of men of the highest character and it speaks well for Nodaway county when only a few "true bills" were returned after five days were spent in investigating the conditions over the county. The jury was composed of E. C. Curfman and H. W. Hull of Maryville; George P. Shoptaugh of Elmo; James Pistole of Hopkins; Howard Garrett of Clearmont; James LaFavor of Parnell; Dr. E. W. Bishop of Ravenwood; C. G. McMillan of Pickering; J. O. Miller of Skidmore; Nick Schmidt of Graham; M. C. Noland of Guilford; J. E. Akey of Barnard.

A NEW FEATURE

2-FOOT CHECK WILL BE USED "PAY-UP WEEK."

WILL BE ISSUED FOR $1

Aim Will Be to See How Often These Checks Change Hands — Close Record to Be Kept.

The spirit of "I'll Pay My Bills So You Can Pay Yours," will be the predominating one for the week of February 19 to 24, when Maryville will observe National Pay-Up Week, and one of the special features of the week will be the circulation of 2-foot checks for the amount of $1. The aim will be to see how many bills these large checks will pay and a close record will be kept as to the number of times each changes hands.

At Bellefontaine, Ohio, a dollar bill, used to discharge a debt on the first Monday of National Pay-Up Week, was employed twenty-seven times during the week in meeting obligations of those through whose hands it passed, and was finally returned to the sender in his pay envelope, thus illustrating in a striking way the claims that had been made for National Pay-Up Week.

This ordinary dollar bill had attached to it a slip which the persons who used it in paying debts should sign their names, in order that the story of its travels might be related. It was through this record the fact was learned that this single bill discharged in whole or in part $27 in the five days of its circulation.

During the five days that this single bill was moving around Bellefontaine it fell into the hands of an insurance agent, a news dealer, three clothing dealers, a druggist, a dry goods firm, five grocers, a shoe dealer, a confectioner, a physician, a jeweler, a publisher, a loan agent, an auto supply dealer, a hardware firm, a drayman and a garage keeper.

TURNS DOWN POLICE BOARD

Senate Refuses to Confirm Appointments of Members at St. Joseph at Session Yesterday.

The senate refused to confirm the appointments of James L. Davison and James E. Cox, members of the St. Joseph police board at the session yesterday. The vote was 18 to 15. Senator McKnight of this district and Senator Glick of Mound City both voted for the confirmation of these men.

The present reform board at St. Joseph was named by former Lieutenant-Governor Painter in Governor Major's absence from the state. The Crandall faction at St. Joseph was demanding their scalps.

Mr. Cox, a member of the board, was in Maryville yesterday attending the funeral of B. Raleigh Martin.

FIGHTING IS LIMITED

Engagements On All Fronts Continued, But Are Successful Only In the West.

Special to The Democrat-Forum.

Berlin, Jan. 19.—Fighting has been limited on all fronts during the past twenty-four hours. In Rumania, the Russians and Rumanians continued their attacks against the Austro-Germans in the mountains in sections of Moldavia, but all were repulsed. On the Western front the German patrols carried out successful engagements at a number of places. There is increased activity along the eastern front.

Petrograd, Jan. 19.—Nearly a half million Teutonic soldiers were taken prisoners by the Russians during the year 1916, according to the army service journal.

G. W. HEMPSTEAD TO LEAVE

Mr. Hempstead will leave in the morning for Siloam Springs, Ark., where he will spend a short time visiting friends, and then will travel throug various states with a view to looking for a location for his future home. His family will remain in Maryville until he has decided upon a new location.

CLASS DAY PROGRAM

LARGE CROWD ATTENDS SEMI-ANNUAL EXERCISES.

CLEVER PLAY IS GIVEN

Salutatory By Miss Bellows—Presentation of Frieze and Musical Numbers Complete Program.

A large crowd of parents, students and patrons of the Maryville High School attended the Class Day exercises given yesterday afternoon in the High School auditorium, and every number of the program was immensely enjoyed.

The program was opened by a selection from the class orchestra of seven pieces. This class is the first class that has ever had an orchestra and the members are all accomplished musicians. The selection, "Hawaiian Nights," was played by the following: violins, Clara Wray, Craig Tinney, Henry Sawyers; cornet, Gerald Whaley; piano, Laura Curfman; clarinet, L. J. Schultz, and guitar, Esther Dietz.

Claude Glass the president of the class, the hero in the class play and the one designated to present the frieze to the school, was unable to be present on account of a recent operation for appendicitis. His parts in the exercise were taken by William Van Cleve, Prof. L. J. Schultz and Craig Tinney.

The class prophesy was given by Miss Mildred Bellows, daughter of Mr. and Mrs. C. D. Bellows. She gave a description of the class in 1936, and as she named the various occupations in which the members would be engaged twenty years hence, she had occasion to mention other well-known students of the High School.

Miss Clara Wray gave a violin solo, "Minuet," by Beethoven, and her selection was followed by the first act of the Class play, "A Most Unusual Story." The play was prepared under the able direction of Miss Lois Halley, and the parts were given with a view to bringing out the individual ability of each member of the class. Those who saw the play commented upon the fact that each participant was "exactly fitted to the part taken."

The "Unusual Story" was occasioned by the promise of Catherine, a senior in college to hear what her admirer has to say if she can win a literary contest. She must write an unusual story out of her own experience and her brothers and sisters endeavor to furnish her with a plot by giving her a scare. One tries to kidnap her, and another poses as a burglar. These cause many amusing complications, she wins the contest and then her lover gets to tell her what he wishes to. Miss Faye Herndon, as the heroine and William Van Cleve as the hero were ably assisted by the other members of the class.

A piano duet, "Military March," was played by Misses Mildred Bellows and Laura Curfman betwen the two acts of the play. The presentation of the frieze was made by Craig Tinney, who gave the history of the frieze which is called, "Alexander's Triumphal Entry into Babylon." The speech of acceptance was made by J. R. Brink of the Board of Education in behalf of the school. The class song, written by Misses Mildred Bellows and Cecile Fraser, closed the program.

AN ANNUAL BANQUET

H. L. HAINES ENTERTAINS THE "BUNCH" WITH TURKEY DINNER

OTHER GUESTS PRESENT

Miss Kate Schenck and Mr. and Mrs. Augustus Romasser Attend Also A Varied Program Given.

Harvey L. Haines entertained the "Haines Bunch" and a few other guests with a banquet last night in his apartments on North Main street. A January banquet to his employees is an annual observance with Mr. Haines and last night was the third one.

Dinner, of which the "piece de resistance" was a 24-pound roast turkey, flanked by a six course menu of trimmings, was served at 7 o'clock.

The guests were seated at two tables which were decorated with broad bands of red ribbons and centered with vases holding red and white roses. The guest favors were red and white roses.

The evening's entertainment began with a health to the host, given by Miss Kate Schenck, who paraphrased one of Eugene Field's toasts for the occasion.

A mock court followed for the trial of four young women of the "Bunch," charged with disrupting the expected alliance between another young woman and her Connecticut swain.

Augustus Romasser acted as judge, Mr. Haines as prosecutor, Paul Willson as attorney for the defense and Elmer Allen as sheriff, and the evidence submitted turned loose an avalanche of fun.

Mrs. Romasser gave a reading, "Restin' in the shadow at the fur end of de row," which was enjoyed greatly and the conclusion was given by Mr. Romasser in a German dialect story. Victrola music was interspersed throughout the evening.

An after dinner luxury enjoyed was a large box of bon-bons sent to the "Haines Bunch" by Lawrence Schumacher.

The employees present were: Miss Bertha Schmauder, Miss Irene Redfield, Miss Gladys Ford, Miss Ella Noll, Miss Anna Stapler, Miss Katherine Vaughn, Miss Stella McDowell, Miss Elizabeth Heffern, Miss Clara Sherlock, Paul Willson and Elmer Allen. Additional guests were, Mr. and Mrs. Augustus Romasser and Miss Kate Schenck.

The cooking and serving of the dinner was done by two of the city's colored chefs, Clarence Baker and his wife.

Sunday Sermon Subjects.

The Rev. Gilbert S. Cox has selected as his morning subject for Sunday, "The Tears of Jesus." In the evening he will address the congregation on "The Sacredness of the Marriage Vow." This sermon is one on the series concerning the Ten Commandments.

Dr. Gaugh of Burlington Junction, who has been seriously ill for the last few days, is reported improved today.

TALK AT CLEARMONT

MISS ANTHONY TO LECTURE BEFORE THE SCHOOL PATRONS.

MANUAL TRAINING BEGINS

Miss McPherron Organizes Class in Manual Arts Which Will Open This Week.

Miss Anthony, head of the Home Economics department of the Maryville State Normal, has been invited to lecture before the patrons of the Clearmont school, on Friday afternoon January 26. This is the regular meeting of "The School Improvement Club" which was organized last fall.

Miss Anthony is considered one of the strongest members on the Normal faculty. She has a wide acquaintance among the Home Economics people and has done considerable lecture work not only in this state but has also been called into other states to give lectures. We may indeed consider ourselves very fortunate if we are able to secure her for January 26. Watch for next week's announcement.

The school wishes for a continuation of this excellent weather we have been having. The attendance has been good and a full attendance means superior work and rapid progress.

Beginning this week, some manual training will be given in the Clearmont school. It is being taught under the supervision of Miss McPherron in the grammar room. So far we have only the one bench but another one has been ordered for some time, and is expected daily. Only the fundamental principles are to be taught now.—Clearmont News.

The will of John Francis Langan, who died at St. Joseph January 12, was filed in the probate court today. It was dated October 19, 1916. Among the bequests are the following: To his brother William Langan, $1,000; to his grand-niece, Kathryn Winifred Baker, $500; to his niece, Mary Grace Langan $1,500. Mary Grace Langan was appointed executor of the will.

W. C. Baker, Curator.

W. C. Baker, the father of Kathryn Winfred Baker, 8 years old, was appointed curator of the estate of his daughter in the probate court today.

WINS HIGH HONORS

WILLIAM VAN CLEVE MAKES A CLASS AVERAGE OF 95.8.

WILL GIVE VALEDICTORY

Miss Mildred Bellows, Close Second With 95.1 Record—Both Averages Exceptional—Exercises Tonight.

Fourteen members of the mid-year graduating class of the Maryville High School will receive their diplomas at the Commencement exercises this evening, which will be held in the High School auditorium at 8 o'clock. Claude Glass is unable to be present on account of illness.

William Van Cleve, son of Mr. and Mrs. W. C. Van Cleve, will deliver the valedictory, having won the race for the highest average during the four years' High School course. His average was 95.8 per cent with the average of his nearest competitor, Miss Mildred Bellows, 95.1 per cent. Mr. Van Cleve and Miss Bellows were students, whose work was away above the average, and the disposal of first and second honors was much in doubt until the final six weeks' grades were in. William's lowest grade throughout the high school course was 93 and he made but two of those. Miss Bellows is a young girl of remarkable mental ability, according to her teachers, and her average was far above the highest made in many of the previous graduating classes.

Besides the valedictory, the High School Orchestra will give two selections, the invocation will be given by the Rev. Gilbert S. Cox and the class address will be delivered by the Rev. R. C. Holliday. The presentation of the class to the Board of Education will be made by Prof. R. M. Magee, and the presentation of diplomas will be made by W. A. Blagg, a member of the board.

Mr. M. V. Carroll, secretary of the Missouri State Motor and Good Roads association will speak at a meeting in Maryville, Friday, January 26, for the purpose of organizing a county auxiliary to the State association. This, and many other kindred topics will be discussed by him and suggestions as to the manner in which remedy may be effected will be made.

Do you own an automobile?

Ever have your machine or any of its parts stolen? How did you proceed to recover it? Had to offer a considerable cash reward, didn't you? Also, worried a whole lot?

Ever run into a grafting "speed trap," and were scorched with a fine and "trimmins" on a trumped-up charge?

Ever get fleeced by one of those "mud-hole barons," who charged you from $1.50 to $10.00 for "snaking" your machine out of his pet mud hole?

Ever get "stuck up" by a lawsuit for alleged damage caused by your alleged (?) reckless driving?

If any of these things have happened (?) to you, you can appreciate the time "when a feller needs a friend." Those are some of the many reasons why every automobile owner and dealer should be affiliated with his local and state automobile association. Those organizations offer substantial rewards for the recovery of stolen cars and the apprehension of the thieves; they provide legal machinery to resist unwarranted prosecutions and malicious annoyance and, such is their reputation for pursuing transgressors, their emblems on the cars of members exercise a wholesome repressive effect.

All affiliated automobilists are earnest, presistent and liberal roads improvement boosters and all of those associations render valuable assistance for the promotion of better roads. Incidentally, it may be stated that the 108,000 automobile owners pay into Missouri's "General State Road Fund," $500,000 a year.

THIS "TODDLE" NOT FOR BABIES' FEET

It's the Very Latest Thing In Dancing.

THAT PIVOT HARD TO DO

Even Dancing Teachers Have Hard Time Learning How to Perform the Latest Steps—Stout People Had Better Stick to the Old Fashioned Dances.

Toddling will be one of the dancing diversions this winter, said G. Hepburn Wilson, head of the American National College of Dancing, at a convention of dancing teachers in New York city the other day. Fifty teachers saw him go through the toddle.

Mr. Wilson said the new dance was simple, but to a nonprofessional observer it did not look so. In performing it you sway backward, then forward to the rhythm of the music. There is a "break" in the music like that in the old fashioned clog dance. An air has been composed for the new dance.

How It Is Done.

"It's the break that gets the people's feet going," said Mr. Wilson. Here is the way the dance looked:

First the man takes four steps forward and the woman four steps backward. Then the trouble begins. Any one can take the four steps, but the rub is to pivot and turn on one foot on the next step. The turn must be done rhythmically, with the body swaying, and if you loss your balance it's all off. Every one lost his or her balance at the convention, and all were teachers. For the ordinary mortal the thing seemed impossible. It took the class an hour to get the pivot and turn.

It's Strenuous Work.

Mr. Wilson had two young women assistants on hand to aid him, but even they grew despondent as they tried to show the teachers how to toddle. After three hours of practice the class managed to master the cardinal principles of the toddle, but still were uneasy as to the break and pivot.

"The toddle," said Mr. Wilson after the meeting, "is a simple dance, and people undoubtedly will take hold of it with a will."

In watching the new step several things were noted. First, if you are a woman it would be wise to wear abbreviated skirts. Even Mr. Wilson admitted this. Another conclusion: If you are fat do the best you can until you get to the turn and pivot. Then sit down.

BRITAIN TO BE DIVIDED INTO FARMING PLOTS

All Idle Lands Will Be Used In an Effort to Solve the Food Problem.

The steps which the British government intends to take to increase production of foodstuffs within the kingdom were explained to a meeting in London of agriculturists recently by Rowland E. Prothero, president of the board of agriculture. He said that in the first place it was intended to fix the contract price for home grown wheat at 60 shillings and that similar action would be taken in regard to potatoes, oats and barley, the prices for which are now under consideration.

Surveys are now being carried out to ascertain the land at present idle or insufficiently cultivated and to have it cultivated to the fullest extent.

It was announced that in every county an agricultural committee would be supplied with lists of the products most essential and would be told what they were expected to grow. These committees would have the power to acquire land by compulsion, if necessary, and a system of credit would be established.

"We are a beleaguered city," said Mr. Prothero, "and must act in the fullest consciousness of that fact."

According to some of the newspapers, two days' experience of the first food control measure, which regulates the number and nature of courses served in hotels and restaurants, has been sufficient to prove it futile. They say that not only has it failed to check consumption, but that in many instances it has increased it. The papers urge food tickets or a tax on hotels and restaurant bills as in Paris.

PRESIDENT'S DAY.

Mr. Wilson's Crowded Schedule Calls For Early Rising.

LIKES GOLF AND BILLIARDS.

Out of Bed at 5 a. m., Bathes and Is In Study Not Later Than 5:30—Always Retires Before 11—Reads Poetry Aloud and Takes Pleasure In Latest Detective Stories.

Washington.—President Wilson has a well defined schedule mapped out for his daily work when in Washington. He sticks to this schedule closely. It calls for his arising at the early hour of 5 o'clock. Then he has his bath and is in his study not later than 5:30 o'clock, says the Louisville Courier-Journal in a recent account of the president's schedule.

Usually the president is met in his study by his stenographer, Charles Swem. Charlie, as he is known about the White House, takes dictation until 8 o'clock, which is the president's breakfast hour. Breakfast over, Mr. Wilson is accustomed to return to his study to continue his morning dictating.

About 9:30 o'clock in the morning the president receives a list of appointments which Secretary Tumulty has made for him at the executive offices. These engagements never begin until 10 o'clock. Few of them are for longer than half an hour. These engagements run up until about 12 o'clock, the president always leaving the office building for the White House for luncheon not later than 1 o'clock.

Photo by American Press Association.
THE PRESIDENT AS A GOLFER.

Usually the president's afternoons have been given over to recreation. Of course the president played golf but a few times during the railroad crisis. He then only did so because Dr. Grayson thought it advisable for him to get a little outdoor exercise. On the motor rides and at the golf matches Mrs. Wilson was always his companion.

The motor trips are usually over by 6 o'clock, so there is ample time to prepare for 7 o'clock dinner. Most of the president's evenings have been devoted to work.

For the last few months there has been a great mystery about the White House. It has to do with one of the means which the president employs to relax from his presidential duties. This form of amusement is nothing more than the popular game of pool, or, speaking in more polite terms, pocket billiards.

When the conditions are normal at the White House the president has two means of relaxation other than playing billiards. He takes great delight in reading poetry aloud. The other form of amusement is the reading of detective stories. He gets the latest books of this sort.

President Wilson does not believe it wise to keep the midnight oil burning. Therefore the hour of 11 o'clock usually finds him in bed. More often it is before 11 o'clock that he retires. This is necessary because of his early risings.

ADMIRAL DEWEY'S FUNERAL

Elaborate Services Being Arranged in Honor of Dead Hero—Naval and Military Men to Participate.

Special to The Democrat-Forum.

Washington, Jan. 19.—A great public demonstration to honor Admiral Dewey at his funeral here tomorrow was planned yesterday by various government departments. Public addresses will be held in the capitol rotunda, at 11 o'clock and the body will be carried at the head of a long funeral cortege up Pennsylvania avenue from the Dewey home, where private services will be held earlier. High officials, midshipmen from Annapolis, sailors and marines and other army and navy units will be in the procession.

Congress will be adjourned for the day and all government departments will close. At noon all senior ships of the navy wherever they are stationed in the world will fire a salute of nineteen guns in honor of the dead admiral. Flags are to be at half-mast and the navy building will be draped in black.

Rear Admiral G. Lennon, in charge of the funeral arrangements, today extended invitations to President Wilson, cabinet members, former secretaries and assistant secretaries of the navy and other high officials to attend the public ceremonies at the capitol. The admiral conferred with Senator Tillman and Representative Padgett, chairman of the congressional naval committees, to arrange for the senate and house members who will attend the services in a body.

In addition to the naval and military forces already designated to participate, sailors of the battleship Arkansas in Hampton Roads today were ordered to Washington.

Washington, Jan. 19.—The President and Mrs. Wilson will not only attend the great public funeral of Dewey at the capitol tomorrow, but will also be among the mourners at the family's private service, it was learned today.

A GOOD LOOKING SOLDIER

Major Henry A. Riekers Was Called "Best Looking Soldier in Germany," by the Kaiser.

Special to The Democrat-Forum.

Washington, D. C., Jan. 19.—Veteran of several campaigns in China, Cuba, and the Philippines, the man whose military appearance won the personal praise of the Kaiser, Sergeant Major Henry A. Riekers has been designated as one of the candidates for appointment to the newly established rank of warrant officer in the United States Marine Corps.

Riekers came into the limelight during the visit of the U. S. S. Louisiana to Kiel, Germany, shortly before the war, when Emperor William said that Private Riekers was "the finest looking soldier in Germany," according to dispatches that appeared in the German press at that time.

URGE WIDER U-BOAT WAR

Germans in Favor of Vigorous Prosecution of War by Increased Submarine Activity.

Special to The Democrat-Forum.

London, Jan. 19.—At today's sitting of the Prussian Diet, Reuter's Amsterdam correspondent says, a number of speeches were delivered and great enthusiasm was shown in favor of the vigorous prosecution of the war and increased submarine activity.

Paul Breitenbach, Prussian minister of public works, said the rejection of German's peace offer had evoked a feeling that it was now a battle to the utmost for the fatherland, adding that perhaps the heaviest fight was that of "truth against enemies lies."

Doctor Von Heydebrand, the Conservative leader, and Doctor Herold, Centrist, in loudly applauded speeches advocated that complete freedom be accorded the military authorities to carry on unrestricted submarine warfare, declaring that the German people were ready to bear the consequences.

The Times prints an article by a neutral, the article purporting to have been dispatched from Cologne, January 12, uncensored. It deals among other things with submarines, and says: "While it is true that the big submarines have not been the success expected, the feverish building of submarine parts seems to indicate that the government shares the general opinion that the submarines can snatch victory out of the present abysmal gloom."

The correspondent quotes the head of one of the largest manufacturing concerns in Europe as saying that the point of view of the German government is that the war is settling down to a starvation match between Germany and her enemies, and that the submarine may place Germany in a position to dictate terms.

WHAT WOMEN WANT

GOOD LOOKING MEN ARE NOT THE MOST POPULAR.

WIVES THAT MEN WISH

Sociology Students Decide On Qualifications For Wives and Husbands of the Present Day.

What the young women would require of their future husbands:

1. Good moral habits.
2. Good income.
3. Social position and good family connections.
4. Congeniality and good treatment.
5. Education and intellectual ability.

What the young men would require of their future wives:

1. Reputation for a good name.
2. Physical attraction.
3. Social graces.
4. Youth.
5. Training for the home.

The idea that women desire men who are romantic, dashing and attractive, and men are looking for wives who are "home-bodies" was refuted in the above list compiled in the "A Class" in sociology of forty-one girls and twenty-seven men at the University of Missouri. The consensus of the women's opinion was in favor of the steady, moral, economical and intellectual man, while the men — they seem content to choose the butterfly, not all of them, of course, but the majority in each case

The lists were all unsigned—no one knew the requirement of the other. One of the women stated that one of her requirements was that the man should be a good spender, while one man wanted a wife who would be economical. So there you are.

There were other requirements that received scattering votes. Many girls said their husbands would have to be young, but not too young. One preferred a middle aged man. Another girl made handsomeness her first requirement. Still another, more romantic, voted for mutual infatuation. The men entirely overlooked the idea of money. One practical young man gave common sense as one of his prime requisites for a wife.

These are all, of course, merely ideals—nothing more.

FORGERY IS CHARGED.

W. H. Alexander of Burlington Junction, in Custody at St. Joseph for Passing Bogus Checks.

The following is from the St. Joseph News-Press:

W. H. Alexander, forty-one years old, a bricklayer of Burlington Junction, is held at Central Police Station on a charge of passing worthless checks in St. Joseph two weeks ago. He was arrested late yesterday by detectives. The firms Alexander is said to have victimized are: St. Joseph Lumber company, Dougherty-Moss Lumber company and J. W. Bruce Coal company. It is possible there are others, the police say. At each small purchases were made and a check for $30, drawn on the First National Bank, was tendered, the purchaser receiving the difference in cash. The name of Reynolds had been signed to each check, but in each case the initials were different.

When taken into custody Alexander's face was covered with a week's growth of beard, whereas the man who passed the spurious checks had been reported as neat and of decidedly prepossessing appearance. Chief of Detectives Johnson this morning sent the suspect to a barber shop and upon his return representatives of the firms mentioned were quick to identify him. A state charge has been filed.

CAMERON HAS HARD TIME

People Slow to Respond to Call for $65,000 Donations — Chillicothe Will Make Offer.

The Chillicothe people who are keeping in close touch with the progress of the committee at Cameron working to raise the required sum of money stated by the board of trustees in that town in December to retain the Missouri Wesleyan college there have received word that the committee is working slowly and receiving little encouragement in its efforts. Saturday night less than $5,000 had been promised the committee toward raising the required $65,000. The committee has until February 15 to meet the requirements of the board of trustees.

Chillicotheans who have been in Cameron during the past few days bring back reports that the business men and also many of the farmers who were former subscribers to the college have withdrawn their names from the subscription paper and will not donate toward retaining the school there.

Just what has changed the sentiment is not known but it is the general opinion in Cameron that the committee will be unable to raise the required sum of money.

If Cameron fails to meet the requirements of the board then Chillicothe, making the second best offer for the college, will take hold of the proposition. This question will be one of the important ones for discussion at the meeting of the Chamber of Commerce tomorrow night.—Chillicothe Constitution.

PLAN BIG EXHIBIT OF U. S. ACTIVITIES

Suggestion For Pre-Inaugural Show Is Encouraged.

CONGRESS GIVES SUPPORT

Thousands of Visitors Expected to Be Attracted to Washington During Inauguration Week—States to Have Separate Exhibits, Which May Become Permanent at Capitol.

The Federation of Citizens' Associations has set on foot a movement to bring to Washington thousands of pre-inaugural visitors for a glimpse of Uncle Sam in his daily work for the people.

Aroused by the progress that has been made toward getting the preliminary arrangements under way, members of the federation say that the project has expanded beyond all expectations and practically is assured of being a tremendous success.

Already Accomplished.

These are some of the things that have been accomplished:

The interdepartment committee, composed of chief clerks of the various government departments, has unanimously approved the plan, promising full co-operation with the federation in the installation of exhibits and other features.

A joint resolution giving the sanction of congress to the plan has been introduced in both the senate and house and, according to Senator Martine, will be reported favorably to the former body. Representative Cantrill is in charge of the bill in the house, where favorable action also is expected at an early date.

Governors have been officially informed of the plans for exhibit week and invited to attend the display or send their representatives.

One big development has grown out of the federation's activities, and that is revival of the suggestion for the establishment in Washington of a permanent exposition of the states. There is now little doubt but that exhibit week will be utilized as an entering wedge for promotion of the larger proposition.

The plan is to have a national mass meeting, probably March 3, for the purpose of considering this matter. Governors of states and territories will be invited to attend the meeting or send representatives with power to act. Efforts will be made to organize a national committee for promoting the building in Washington either of separate buildings for the states or one building, in which each state would be represented by a room where its exhibits could be installed.

With some of the larger preliminary considerations out of the way, the federation committee now will get down to work in earnest on the details of the undertaking.

Hunting Suitable Building.

First it will be necessary to find a building in which to install the exhibit. Both the new building under construction for the interior department and the new National museum building are under consideration.

Subcommittees will be appointed to take up such questions as finance, publicity, obtaining of reduced railroad rates and other matters. Having determined to make the exhibit worth while and to extend its educational scope as far as possible, the committee proposes to advertise the symposium extensively throughout the country with the object of attracting to Washington the largest preinaugural gathering of history. It is believed that thousands of Americans will be induced by the added attraction to come to Washington for a visit of several days in advance of the inaugural festivities.

GOT HIS MONEY BACK.

Missouri Farmer Lost $50 Seven Years Ago; Successor Found It.

Robert King of Marionville, Mo., has just received $50 from the United States treasury as reimbursement to him for the loss of that amount more than seven years ago. While plowing corn in 1909 King lost his pocketbook. It contained two twenty-dollar bills and one ten dollar bill.

Last spring J. H. Chamberlain, who now owns the land, found the purse. Scarcely anything was left of it but the metal. Within was a lump that on close inspection proved to have been paper money.

It was sent to Washington, where it was unfolded and pasted on a cardboard, a small piece at a time. This was returned to Marionville for affidavits of both the loser and the finder.

NEW MACHINE GUN FIRES 3,000 SHOTS PER MINUTE

A centrifugal machine gun, said to throw 3,000 projectiles per minute at an initial velocity of 4,000 feet per second, was recently tested by naval authorities at Vallejo, Cal.

The gun is operated wholly by electricity. E. N. Rice of San Francisco claims the invention.

Your Wish for A Thousand Dollars

—Make It A Reality

How often have you wished that you had even a thousand dollars of ready money? No doubt it has been quite often. It's many times the wish of most people and yet in a great number of cases there is really no reason why this wish should not be a reality.

By turning your attention to a systematic plan of saving you could soon have that thousand dollars and more too. One of those little red pass books of the Real Estate Bank is the simple beginning. The rest is just as easy.

$1 will do to start. Another every now and then will soon put you on the road to independence.

NEWS FROM ALL Northwest Missouri

The most unusual instance of stealing recently recorded, was staged at Lathrop, one night last week. A gasoline engine, battery-box and tools, with a total value of $125 were stolen from the pump house of the Burlington stock yards. A large bolt cutter was stolen the same night from a blacksmith shop. Wagon tracks were visible the next morning, indicating that a wagon had been backed up to the pump house and the engine had been cut loose from its foundation and loaded into the wagon. The Optimist states that a Burlington railroad detective is working on the case.

For forty years a subscriber to the Gallatin North Missourian, A. D. Scott, of Jameson, called on Editor Harrison, last week, to renew his credit and refresh old memories. His first subscription was paid in rat scalps, and through thick and thin he and the home paper have remained steadfast friends.

Among the Y. M. C. A. organizations in towns of 2,000 or less population, Gallatin's holds first rank in the United States, in membership, in number using the gymnasium, in number of boys enrolled in Bible classes and in number of persons making daily use of the building.

A relief fund of $480 for the Syrian war victims has been collected by one Northwest Missouri church, the Presbyterian at Tarkio.

Westboro's school bonds were bought last week by St. Louis investors, an $800 premium being paid on the $20,000 bonds.

The record price of 91 cents a bushel was received by C. E. Walker of Burlington Junction, for 2,000 bushels of corn. Both foreign and local buyers were bidding for the grain, says the Post.

A five per cent dividend was declared by the Andrew County Mutual Telephone company, at their recent annual meeting. The net earnings for the year amounted to $4,469.65. This organization serves 15,000 persons, saws the Savannah Reporter.

A Helena farm wife, Mrs. S. E. Potton, sold a load of chickens weighing 1,024 pounds and bringing $165.

There was only one automobile in Fairfax in 1906—just ten years ago. There were but 21 in all of Atchison county. In the issue of December 14, 1906, the Forum stated that all these cars were owned by business or professional men. It did not suggest that farmers could use them to advantage. Now nearly every farmer in the county has a car.—Fairfax Forum.

Playing war ended disastrously for two Missouri boys near Pollock. They were 12 and 15 years of age, and one day, just after dinner, they played they were at war. The older boy pushed his brother into a room, and held the door, saying that he had taken a prisoner. The imprisoned lad spied a shotgun in the room and pointed it at the closed door, saying, "I've got a real gun and I'm not your prisoner, and I'm going to shoot the guard." He was as much startled as his brother when the gun went off. The load penetrated the door and entered the older boy's arm. Only by amputation of the arm the boy's life was saved.

The Northwest Missouri Gas and Oil Development company, is the name of a new corporation with headquarters at Liberty, and having as its purpose the making of a complete test for gas and oil in Clay county. Leases are being taken and as soon as this preliminary work is finished, drilling will be started.

A year ago the employes of the Carter store at Mound City, enjoyed a banquet, at which their employer promised each faithful member of the sales force a share of the net profits of the ensuing year, above a certain amount. Last week another banquet was held, and beside the plate of each guest was a substantial check. The same offer was announced for the coming year, and the News-Jeffersonian states that Mr. Carter was promised the loyal support of every member of his sales force.

A $25 horse walked through a $75 plate glass window at Mound City last week. The horse was blind and had been entrusted to the guidance of two small boys. The boys deserted their charge when they saw the dangerous direction of its course and consequently were not hurt. The glass was broken into small bits, but the horse was not seriously injured.

Not content with making his automobile save his horses, Lem Hall, of near Unionville, makes his car grind feed for his cows an dchickens, as well. A small grist mill, connected by a belt with the rear wheel of the car, does the trick, while the auto remains in the shed.

At Dearborn last Monday, 82,080 pounds of tobacco sold at an average price of $15.97 a hundred pounds. The lowest price was $8.00 and the highest was $21.00. The Dearborn Democrat tells of one grower who had 15,000 pounds, and whose offering brought $17.25 a hundred.

The Grant City Commercial club, of which Editor G. C. Haas, of the Worth County Times is the newly elected president, has taken up the matter of co-operating with the county court and the farmers of the county, in obtaining a county agricultural agent. Sentiment, in Worth, appears to be favorable toward this progressive movement.

A free wagon bridge across the Missouri, at Kansas City, is the proposition for which Clay and Jackson counties have jointly asked legislative approval.

Uncle Pete Rhinehart, of Ridgeway has been laid up with rheumatism for several weeks, so a group of his neighbors recently spent two days in his timber, chopping and sawing enough stovewood to last him and his good wife all winter. He knew nothing of their neighborly kindness until a few nights later, they all came with their wives and ample provisions, for an oyster supper, and after a happy evening together, told him what they had done.

One $25 share of stock in the new Harrison County Fair Association was put up at auction near Bethany last week among other property of a man who is leaving the state. It brought $27.50.

To try the effect of his newly concocted rat poison, an Eagleville druggist had a cage full of live rats brought to his store. Bright and early the next morning, he went down to the store to proceed with the experiments, only to find the cage empty and the rats cavorting about just where he didn't want them.

The boy's corn growing contest at New Hampton, closed recently with Tom Carter winner. His 1-acre field yielded seventy bushels and twenty-five pounds.

Punch-boards, slot machines and cigar wheels, that held possibilities of various winnings, have been relegated to the basements and back rooms, in Mercer county, since the new prosecuting attorney, John E. Powell, took oath of office. "These machines and boards are games of chance and really gambling devices, according to law," said Mr. Powell to a representative of the Princeton Post. "There is in Missouri a law against their operation and my business is to see that the law is enforced."

A Trenton grocery store was submarined by an old can of blackberries one day last week. A clerk was cleaning up the shelves when he came upon an aged can of blackberries. These he threw into the stove and went on about his work. Luckily for him he did not stand around to see what would happen, says the Trenton Times. A loud explosion followed and in the clearance it was found that the stove had been demolished, and that the stove had been the subject of a bad accident.

A lemon measuring ten inches in circumference was picked from a tree in DeKalb county, January 2. It wasn't a figurative lemon, but a real one from the tree owned by Bob Iden, of Maysville.

Last Sunday at Princeton, marked the climax of an eight-day Gospel tour of Mercer county in which prominent state and local Sunday school workers, held a rousing meeting at eight of the county's principal towns.

The Worth County Farmers' Mutual Insurance company made its 26th annual report, last week, showing $2,165,272 of insurance, now in force and $7,202 paid in losses during the year.

CANADA STRE OF VICTORY

Our Northern Neighbors Unwilling to Have Germany Dictate Terms of Peace, Says Dr. Ravenel.

Canadians are confident of victory—entirely unwilling to have Germany dictate terms of peace, prosperous through the labor of thousands of aliens, heart and soul for England, is the picture that Dr. M. P. Ravenel of the department of preventive medicine of the University of Missouri, draws after a trip to Saskatoon, Saskatchewan.

Doctor Ravenel addressed the livestock breeders of the province on the "Tuberculin Test" and "Bovine Tuberculosis," and the dairymen on "Pasteurization and the Marketing of Milk Products." The meetings were held under the management of the Department of Agriculture of the province and the University of Saskatoon.

The University has lost one-third of its enrollment by enlistment for foreign service, Doctor Ravenel says. War prices seem prevalent. Butter and eggs are both selling at seventy-five cents the pound and dozen. However, money is plentiful because of the farming.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the *real* cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.
